

Fruit Fillings

Keen on quality; keen on cost

At Fourayes, we offer a generously wide range of high quality fruit fillings, and our Bramley apple comes with the added advantage of English or Kentish provenance. Since 1953, Fourayes has been a major grower of English Bramley apples and is now the leading apple-based fruit processor in the UK.

At Fourayes we talk about 'way beyond fruit' and our fruit fillings are just one example of exactly that.

We use the best-possible quality fruit, graded and quality-controlled to deliver exceptional results.

But whilst the quality is high, thanks to lean manufacturing and a high degree of production control, the costs are keen.

Products

The Fourayes fruit fillings range is extensive. It includes:

- Kentish Bramley apple
- 'Apple Plus' fillings such as apple & blackberry, apple & blackcurrant or apple & raspberry
- Single-fruit fillings: rhubarb, gooseberry, cherry, strawberry or raspberry for example
- Mixed fruit fillings including fruits-of-the-forest, summer fruits and winter fruits
- Speciality fillings such as toffee apple and Banoffee

We use top-quality raw materials to prepare all Fourayes fruit fillings. For the smaller user who demands a longer-life filling, or where no additional processing is required (such as for turnovers), choose hot-mix fillings. Or choose a cold-mix filling for high-volume, high quality products.

Bespoke fillings can be developed to meet the most exacting of dessert, bakery and other end-product manufacturing requirements.

In addition, our flexibility makes Fourayes the ideal choice for promotions or where order-changes are likely.

Provenance

Our Bramley apple comes with Kentish or English provenance.

Standards

Fourayes is an Assured Produce grower, is rated BRC Grade A and is certified by the Organic Food Federation.

We offer state-of-art, high-tolerance computer-enhanced manufacturing and controlled-environment storage.

Our technical support team has over 70 years experience in ensuring quality.

Delivery

Hot mixes are supplied in 10 kilo buckets for high levels of quality control. Equally, high quality cold mixes can be supplied in 10kg tubs up to 1 tonne stainless steel tanks. Being located in Kent, means that we are easily able to transport throughout Britain, Europe and Worldwide.

Samples

Our fast-turnaround sampling service guarantees samples of 1—2kg, *normally within 3 working days*.

Any Questions?

If you have any questions, would like to know more or to take advantage of our fast-turnaround sampling service please contact us.
